AROMATIC CASCARA

ONE OF NATURE'S OWN TONICS FOR RESTORING ACTIVITY TO WEAKENED BOWELS.

In giving Aromatic Cascara it must be borne in mind that this valuable drug is a true tonic laxative and not a purgative, hence failure to secure satisfactory results from its administration may ensue from not thoroughly understanding this important characteristic property of the drug. The best results are obtained by administering in small doses (1/4 to 1 teaspoonful, according to whether a tonic, laxative or cathartic effect is desired) well diluted with water, four times a day, half an hour before each meal and again at bedtime.

HOUSEHOLD AMMONIA

AMMONIA gives a snowy whiteness to plain goods but does not injure fast colored fabrics. It saves all the soda, half the soap, labor and time and for many purposes, replaces soap entirely. It restores all the original brilliancy and lustre to old black silks, laces and woolen goods, no matter how much soiled.

AMMONIA will produce a most luxuriant and healthy growth in PLANTS and FLOWERS when used by putting a few drops twice a week in the water put on them.

DIRECTIONS

For the Laundry, put one tablespoonful into a pail or three gallons of water; clothes soaped with half the usual quantity of soap and soaked over night in this water will be perfectly cleansed and whitened with little or no rubbing.

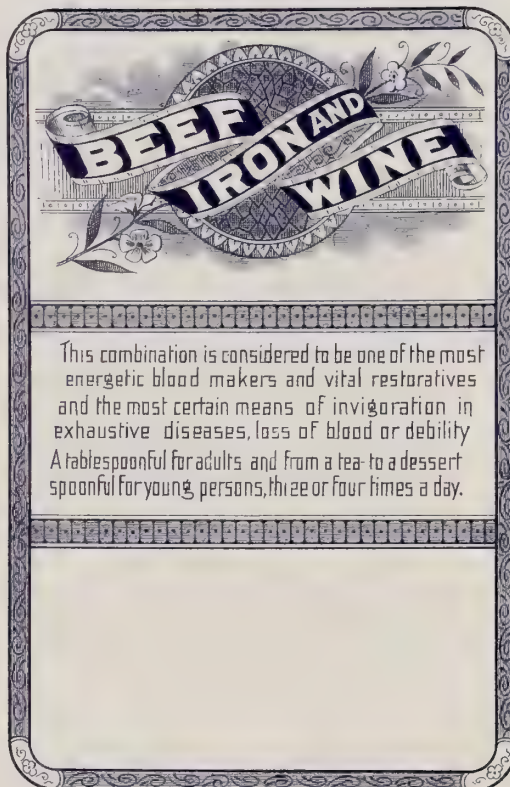

For glass, silver, crockery, painted walls, stains in marble, oil cloth and plain wood work, use one or two tablespoonfuls in a pail of water and little or no soap is needed.

To clean Hair Brushes and Combs perfectly and quickly, use a teaspoonful in half a basin of water.

For the Toilet, use half a teaspoonful in a basin of water, or one tablespoonful for the bath-tub.

GRANULAR EFFERVESCENT CITRATE OF MAGNESIA OR PURGATIVE MINERAL WATER

DIRECTIONS

Two teaspoonsful or more put into a tumbler half full of water and drank during effervescence, forms a mild but efficient aperient, while a small teaspoonful taken in a wine-glassful of water acts as a valuable anti-acid cooling draught when feverish. A deliciously cooling and refreshing beverage may also be made by adding to a tumblerful of cold spring water (previously sweetened with sugar) a small quantity of the citrate.

LITHOGRAPHED BOTTLE CARTONS

The designs on this page, being private property, are shown for purposes of illustration only, and cannot be imitated
Upon receipt of order special design will be submitted for approval, if required

The advantages of Lithographed Cartons as compared with the regular printed goods for proprietary lines are apparent, in that it makes a much more presentable package for display purposes, and practically insures the user against imitations by his local competitors. The difference in cost per package will average less than one-half cent each.

IMPORTANT.—When ordering be sure to state color of stock required (see color on page showing Non-Sifting Cartons), give complete wording, patent medicine number when necessary, and either send sample bottle or give exact dimensions of carton required, making allowance for projecting cork.

Lithographed Folding Seidlitz Boxes

Folding Seidlitz Boxes, being shipped flat, are delivered at about one-third the freight rate of the ordinary boxes for this purpose, and have the additional advantage of occupying but little space on the stock shelves, being opened only as they are filled. These boxes are made with a convenient fold and make an exceptionally neat package when set up.

Specially suited to the Western trade, or where the saving of freight is a consideration.

CITRATE DE MAGNÉSIE

Cette préparation de magnésie est un cathartique rafraichissant et agit tranquillement. Deux cuillerées à thé mises dans un demi verre d'eau, qui bu durant l'effervescence forme un apéritif doux mais effectif; tandis que une petite cuillerée à thé prise dans un verre à vin d'eau agit comme un breuvage antacide et rafraichissant quand on est fiévreux.

A. LOUIS BOUCHER

JOLIETTE CHIMISTE QUE.

BENZINE RECTIFIÉE

Pour enlever les taches de graisse ou de peinture sur la soie ou la laine un morceau de coton doit être placé sous la tache à être nettoyée, et la Benzine appliquée avec une éponge. Deux cuillerées à table ajoutées à une bouilloire d'eau sont supposées faciliter le lavage. La Benzine doit être gardée dans un endroit frais, loin du feu et des lumières.

PARÉGORIQUE

Un anodin plaisant beaucoup employé pour diminuer la toux, arrêter la nausée et les légères douleurs d'estomac et des intestins et pour arrêter la diarrhée. Il est donné aux enfants pour produire le sommeil mais l'opium qu'il contient est objectionable pour cet usage.

Un mélange de Parégorique et de sirop de Scille est souvent employé contre le rhume chez les enfants.

DOSE—3 mois, 6 gouttes; 1 an, 10 gouttes; 2 ans, 12 gouttes; 10 ans, 30 gouttes; adultes, une cuillerée à thé.

O. J. DION

Pharmacien LEVIS QUE.

ACIDE CARBOLIQUE--Poison

USAGE EXTERNE

Pour vieilles plaies, etc., ajouter une cuillerée à thé d'acide à une pinte d'eau et appliquer au besoin.

L'Acide Carbolique ajouté à 16 fois son volume d'huile d'olive forme un très utile pansement pour les plaies déchirées, les brûlures, etc. Quelques gouttes d'Acide Carbolique ajoutées à une lotion de glycérine et eau de rose augmentent leur propriété guérissante.

ANTIDOTE—Donner du brandy fort, whiskey ou alcool dilué.

PHARMACIE DEMERS

607 RUE NOTRE DAME OUEST :: MONTREAL

ECORCE DE PANAMA

CECI EST PROBABLEMENT LE MEILLEUR ARTICLE TROUVÉ, POUR RESTORER LA COULEUR AUX VETEMENTS DE TOILETTE.

L'écorce est trempée dans l'eau chaude, soit deux onces pour une pinte d'eau; et l'étoffe est ainsi époncée avec la solution. Une plus grande quantité d'eau peut être employée s'il est utile de laver le vêtement.

L. R. BARIDON

Pharmacien 837 RUE ST-DENIS :: MONTREAL

Extrait de Gingembre de Jamaïque

Cet extrait concentré est employé comme tonique pour les personnes qui relèvent des fièvres et dans tous les désordres des organes digestifs comme la dyspepsie, la flatuosité, la nausée, les vomissements, le mal de mer, la diarrhée, etc. Il peut aussi être donné à celui qui s'enivre, qui veut se réformer et dont l'estomac veut continuellement la liqueur. Il est donné en doses de 5 gouttes à 60 gouttes suivant l'âge et doit toujours être bien dilué avec de l'eau.

J. L. ROBERGE

Pharmacien 1231 BOULEVARD ST. LAURENT, MONTREAL

CASCARA AROMATIQUE

Le plus agréable et le meilleur des laxatifs. Préparation très agréable dans laquelle le goût amer de l'écorce est enlevé, et contenant toutes les propriétés laxatives de la drogue.

DOSE—Les meilleurs résultats sont obtenus en administrant le Cascara Aromatique en petites doses (15 à 60 gouttes selon qu'il est désiré pour obtenir l'effet tonique, laxatif, ou cathartique) quatre fois par jour une demi-heure avant chaque repas et au coucher. On peut le diluer à volonté avec de l'eau.

LAROCHE & CIE, Droguistes

4 RUE DE LA FABRIQUE, QUEBEC

ESPRIT DE TÉRÉBENTHINE

Extérieurement frictionné avec la main ou appliqué avec une toile sert à produire une rougeur locale. Quand une toile en est saturée et couverte avec du papier impénétrable il agit comme un contre-irritant puissant.

Citrate Magnesia

THIS PREPARATION OF MAGNESIA IS A COOLING CATHARTIC AND OPERATES MILDLY

Two heaping teaspoonfuls put into a tumbler half full of water and drank during effervescence forms a mild but efficient aperient; while a small teaspoonful taken in a wineglass of water acts as a valuable anti-acid cooling draught when feverish.

B. F. SOUCH
DRUGGIST

MEDICINE HAT - - ALTA.

Rectified Benzine

For removing grease stains or paint from woollen or silk goods, a piece of cotton should be placed under the spot to be cleaned, and the Benzine applied with a sponge.

Two tablespoonfuls added to each boiler of water is said to facilitate washing.

Benzine should be kept in a cool place, remote from fire or lights.

E. SCARLETT, Pharmacist

LEMBERG - SASK.

LIME WATER

Properly prepared Lime Water is an article which, though used by many, is not generally duly valued. It corrects sourness of the stomach and is a valuable tonic. It is usefully employed in dyspepsia, diarrhoea and dysentery; continued use of it however is liable to weaken the stomach.

Mixed with an even measure of milk, Lime Water is one of the best remedies for nausea and vomiting dependent upon irritability of the stomach. When employed to allay nausea it is usually given in doses of a table-spoonful, repeated in half an hour or an hour.

H. M. MYERS

Dispensing Chemist

STRATFORD - - ONTARIO

PAREGORIC

This is a very pleasant anodyne, much used to allay cough, to relieve nausea and slight pains in the stomach and bowels, and to check diarrhoea.

It is used in infantile cases to produce sleep, but the opium it contains makes it objectionable for this purpose.

A mixture of Paregoric and Syrup of Squills forms a very frequently used cough mixture for children.

DOSE

Three months old, 6 drops; one year old, 10 drops; two years old, 12 drops; ten years old, ½ teaspoonful; adults, 1 teaspoonful.

A. C. DENIKE, Druggist

HAVELOCK - - ONTARIO

CARBOLIC ACID--Poison

FOR EXTERNAL USE

For old sores, etc., add one dessertspoonful of acid to a quart of water and apply as wanted.

Carbolic Acid, added to 16 times the quantity of sweet oil, forms a very useful dressing for lacerated wounds, scalds, burns, etc.

A few drops of Carbolic Acid added to a lotion of glycerine and rose water adds much to its healing properties.

Antidote:—Give draughts of Strong Brandy, Whiskey or Diluted Alcohol.

P. H. BEATTIE, Pharmacist

PARRY HARBOR - - ONTARIO

SOAP BARK

THIS IS PROBABLY THE BEST ARTICLE TO BE FOUND FOR RESTORING THE COLOR IN DRESS GOODS, ETC.

The Bark is steeped in hot water, two ounces to a quart of water, and the fabric sponged with the solution. A larger quantity of water may be used if it is thought convenient to wash the garment in it.

VIRDEN - - MANITOBA

EXTRACT JAMAICA GINGER

This concentrated extract is used as a tonic for persons recovering from fevers, and in all disorders of the digestive organs, as dyspepsia, flatulence, nausea, vomiting, seasickness, summer diarrhoea, etc. It may also be given to the inebriate who wishes to reform, but whose stomach is constantly craving the noxious liquor.

It is given in doses of from 5 drops to a teaspoonful, according to age, and should always be diluted with water.

H. J. BARBER, Dispensing Chemist

CHILLIWACK - B. C.

Aromatic Cascara

The Most Palatable and Best of Laxatives

A most Palatable Preparation, in which the bitter taste of the Bark is entirely overcome, containing all the laxative properties of the drug.

DOSE:—The best results are obtained by administering Cascara Aromatic in small doses (15 to 60 minims as desired to obtain the tonic, laxative or cathartic effect) four times a day, half an hour before each meal and at bedtime. It may be diluted with water if preferred.

E. A. ROBERTSON, Dispensing Chemist

STRATFORD, ONTARIO

Spirits Turpentine

Externally as a rubefacient applied on a cloth, or rubbed on by hand. A powerful counter-irritant when a saturated cloth is covered with impervious paper.

DOSE.—From 5 to 20 drops on sugar.

S. W. HOWARD

Chemist and Druggist

HAGERSVILLE - - ONTARIO

GASOLINE

For removing grease stains or paint from woollen or silk goods, a piece of cotton should be placed under the spot to be cleaned and the Gasoline applied with a sponge.

Two tablespoonfuls added to each boiler of water is said to facilitate washing.

Gasoline should be kept in a cool place remote from fire or lights, and when using keep away from fire or lights.

H. A. CROOKS

Druggist and Stationer

PARIS - - ONTARIO

STRONG LIQUID AMMONIA

For laundry purposes, a tablespoonful should be put into a pail or three gallons of water.

For cleaning glass, silver, crockery, painted walls, stains on marble, oil cloth and plain wood-work, use one or two tablespoonfuls to pail of water.

To restore the original brilliancy and lustre to silks, laces and woollen goods, sponge them with a solution of a tablespoonful to a quart of water.

To clean hair brushes and combs, use a teaspoonful in half a basin of water.

For the toilet, use half a teaspoonful to a basin of water, or one tablespoonful for the bath tub.

SLAVEN'S DRUG STORE, Limited

ORILLIA - - ONTARIO

FRIAR'S BALSAM

(TR. BENZOIN COMP.)

This well-known compound is much used as an application for cuts, wounds, indolent ulcers, chapped nipples, etc. In combination with forty times the quantity of rose water, it forms a nice lotion to protect the face from the heat of the sun.

The dose for internal use, for chronic coughs and catarrhal affections is 10 to 60 drops in sugar.

W. C. LATIMER, Pharmacist

Cor. Queen and Esther Sts.

TORONTO - - ONTARIO

Tincture Arnica

EXTERNALLY

Valuable in the treatment of Bruises, Sprains, Tumors, Rheumatic Pains, etc. Bathe freely the parts affected several times a day.

Where the skin is broken care should be taken to dilute well with water.

DOSE.—For an adult one half to one teaspoonful, preferably taken about half an hour before meals and on retiring, four doses being taken during the day. For children, to be governed by the ailment, age and temperament, ten to thirty drops being applicable.

LEGER DRUG CO.

680 Main St. - Moncton, N.B.

CREOLIN

For sheep dipping, half a cup of Creolin to three gallons of water.

For lice on animals, one part of Creolin to twenty-five parts of water.

For general disinfecting, use one cup of Creolin to each pail of water.

J. MOONEY

Chemist and Druggist

ELKHORN - - MANITOBA

Spirits of Camphor

A Temporary Stimulant used in Gout and Rheumatism, and Internally for Cholera and Diarrhoea.

It is a Valuable Disinfectant

A small quantity mixed with boiling water and inhaled and applied to the nostrils relieves the inflammation in Catarrh and Hay Fever.

WINE OF RENNET

FOR MAKING

Junket, Sweet Curd, Cheese
Cake, Trifle, Etc.

DIRECTIONS

Put two teaspoonfuls into a dish or bowl and pour upon it a pint of milk previously made lukewarm, stir only enough to mix, and set aside in a cool place until a curd is formed.

This curd, sprinkled with grated nutmeg, and served with cream and sugar, makes a delicious dessert or dish for supper.

Many severe cases of Dyspepsia have been completely cured by the daily use of this preparation.

Dose— $\frac{1}{2}$ to 1 teaspoonful in a little water after meals.

Peroxide of Hydrogen

AN INVALUABLE AND MOST POWERFUL ANTISEPTIC
A PERFECT GERMICIDE

When Peroxide of Hydrogen is brought in contact with any diseased surface, either of the skin or the mucous membranes, the pus and bacteria are destroyed and the surface cleansed and purified.

When taken internally for debility and nervousness, it strengthens and tones the system.

DIRECTIONS

Diphtheria—Tablespoonful of Peroxide of Hydrogen to four tablespoonfuls of water. Spray nose, mouth and throat copiously and frequently. If disease is well developed use one-half the quantity of water.

Sore Throat—Teaspoonful of Peroxide of Hydrogen with four to six tablespoonfuls of water; gargle frequently.

Cold in the Head, Catarrh or Hay Fever—Spray nostrils and throat frequently with tablespoonful of Peroxide with three to six tablespoonfuls of water; then use a mixture of one-half Peroxide and one-half Pure Glycerine the same way.

LaGrippe—Spray the nostrils and use as a gargle. The internal remedies prescribed by physicians do not interfere with this remedy.

Whites, Leucorrhoea, etc.—One to three ounces of Peroxide with pint of tepid water, injecting by means of hard rubber or glass syringe, two or three times a day.

Keep in a cool place. Use a glass, porcelain, hard rubber or silver spoon in administering this remedy.

WHITE ROSE EYE WATER

INFLAMMATION OF THE EYE is characterized by pain and redness of the eye and its appendages, intolerance of light and unusual flow of tears. This is the simplest form and may be readily and successfully treated with this EYE WATER, by wetting soft linen with it and applying to the eye in a gentle manner several times a day—especially on going to bed. The lids may also be moistened with the EYE WATER during the day by the end of the finger. The bowels should be kept gently open by Emulsion of Castor Oil or doses of Seidlitz Powders. Avoid the use of the eyes in any trying or tiring way, protecting them from excess of light with tinted spectacles or goggles, or by eye shades.

HOUSEHOLD AMMONIA

Ammonia gives a snowy whiteness to plain goods, but does not injure fast colored fabrics. It saves all the soda, half the soap, labor and time, and for many purposes replaces soap entirely. It restores all the original brilliancy and lustre to old black silks, laces and woollen goods, no matter how much soiled they may be.

Ammonia will produce a most luxuriant and healthy growth in plants and flowers when used by putting a few drops twice a week in the water put on them.

DIRECTIONS

For the Laundry, put one tablespoonful into a pail or three gallons of water; clothes soaped with half the usual quantity of soap and soaked over night in this water will be perfectly cleansed and whitened with little or no rubbing.

For glass, silver, crockery, painted walls, stains in marble, oil cloth and plain wood-work, use 1 or 2 tablespoonfuls to a pail of water, and little or no soap will be needed.

To clean Hair Brushes and Combs, perfectly and quickly, use a teaspoonful in half a basin of water.

For the Toilet, use half a teaspoonful to a basin of water or one tablespoonful for the bath-tub.

.. VIOLET .. TOILET AMMONIA

For Family Use

For the Toilet—Use about 20 to 30 drops in a basin of water.

For the Bath—About a tablespoonful.

For Shampooing—A teaspoonful to a quart of water, adding a little soap to make a lather.

For Cleaning Jewelry, Hair Brushes, Combs, Etc. —Use a teaspoonful to a pint of water.

For General House Cleaning, Woodwork, Walls that are Painted, Crockery, Silver and Tinware—Dissolve a little soap in a pail of water, then add from two to five tablespoonfuls of Violet Toilet Ammonia.

Flannels and other Woollen Goods require but one tablespoonful to a pail of water and should be rubbed but slightly.

In the Laundry—A wineglassful will do an ordinary family washing and can be used either in soaking or rubbing out the clothes, adding half the quantity of soap usually used. A little experience will satisfy one how indispensable Violet Ammonia is as a cleaner.

Cascara Sagrada

One of Nature's Own Tonics for Restoring Activity to Weakened Bowels

IN giving Cascara Sagrada it must be borne in mind that this valuable drug is a true tonic laxative and not a purgative, hence failure to secure satisfactory results from its administration may ensue from not thoroughly understanding this important characteristic property of the drug. The best results are obtained by administering in small doses (15 to 60 drops, according to whether a tonic, laxative or cathartic effect is desired) well diluted with water, four times a day, half an hour before each meal and again at bedtime.

THESE FOLDING CARTONS make absolutely the best non-sifting drug package on the market. They are made only of the best quality of coated box-board, and are practically non-sifting for Powdered Drugs. They have become a part of the equipment of nearly all the best drug stores in Canada. Goods can be put up in these at odd moments, so that when busy with customers they are handed out with the greatest economy of time, and at the same time give the purchaser a handy package that can be retained until the contents are all used, thus advertising the drug store from which they are bought. These "L. & J. Non-Sifting" Cartons are supplied for Epsom Salts, Salts and Senna, Senna Leaves, Rochelle Salts, Boracic Acid, Sulphur, Powdered Borax, Alum, Cream Tartar, Linseed Meal, Compound Licorice Powder, Insect Powder, Camphorated Chalk, Bicarbonate Soda, Soap Bark, Moth Balls, Etc
